Site Information

The festival is in a green field site and is subject to the weather. There is some tracking, but there may be soft and uneven ground. Please don't hesitate to ask if you require any assistance moving across the site.

Please note, the Living History encampments can produce loud noises, smells and smoke.

Mobility Scooters

Mobility Scooters are available to hire from Event Mobility and need to be prebooked directly with them. [Click here to book.](#)

Hearing Loops

Hearing loops are available in the two main tents.

Accessible Toilets

Accessible toilets are available in the main block of toilets.

Priority Seating

Our talk tents have wide aisles to accommodate wheelchair users and our tent teams will be happy to reserve seating for visitors with accessibility

requirements and their Personal Assistant. Please contact tickets@chalkefestival.com to arrange this in advance or speak to our volunteer tent teams at the talk, who will do their best to accommodate.

Site Map

A festival Site Map will be available to view from June. Please visit our [Getting Here page](#), where it will be available once published.
